

## AWOL AIRMAN GETS YEAR FOR THEFT OF CAR

A 21-year-old Carlisle R. 6 airman, James Ira Rickrode, who told the Adams County Court that he was AWOL and stole a car because he wants "a dishonorable discharge from the Air Force," was sentenced to a year in the Allegheny County Workhouse by the court this morning.

Rickrode was charged with operation without the owner's consent after he took a car owned by Paul F. Baker, Chambersburg St., last week. He later voluntarily returned the car and gave himself up to police.

Robert L. Sheaffer and Clyde R. Shaffer, Gettysburg R. 1, both charged with receiving stolen goods, including four hub caps which were purchased for \$3 and a house radio which was bought for \$1 from a 14-year-old boy, were each sentenced to four months in the Adams County jail and ordered to pay the costs. Each was told that a parole would be considered in 60 days. The young men held they did not know the articles purchased were stolen but, when asked if they wished to go to trial, held they preferred to let their pleas of guilty stand.

**Two Are Jailed**

Kermit Tressler, 52 Steinwehr Ave., charged with contributing to the delinquency of a minor, was sentenced to four months in the Adams County jail and ordered to pay the costs. He also was told that a parole would be considered in 60 days.

Albert L. Wildasin, 25, Spring Grove R. 3, was sentenced to 30 days in jail on contempt of court when he appeared for failure to keep up support payments.

Thomas Cleason Sanders, Fairfield R. 1, whose wife claimed from the witness stand that he is "a bartender and when he is not on one side of the bar he's on the other," was directed to pay \$35 of his \$60 per week salary for the support of his wife and three children, following a hearing on a desertion and nonsupport case. Mrs. Sanders said she ordered her husband out of their house when he refused to take her and the children out. She said at the time he had been "drinking, but was not drunk."

District Attorney Daniel E. Teeter said "the Commonwealth takes the position that justice was badly not done" when L. G. Kuhn, Conewago Twp. justice of the peace, dismissed a charge of trespassing on posted land against Anthony J. Miskit and John Sponseller, of Hanover, but at the same time he admitted that the Commonwealth had no particular proof to present to the court at an argument session this morning.

The Commonwealth is seeking to appeal the decision of the justice. Teeter very obviously was in difficulty in arguing his case within the limitations of the law governing such matters because, as he pointed out, "the argument must be made from the transcript, and that does not even show what testimony was given in the case." As read by the district attorney, the transcript said merely that the prosecutor, Russell H. Dresher, gave his testimony and the defendants were dismissed with

## Four Blasted From Jet Craft 35,000 Feet Up

WINNIPEG, Man. (AP)—U.S. and Canadian planes scanned the frozen wastes of northern Saskatchewan today for two crewmen of a U.S. Stratofort bomber which crashed Saturday after exploding 35,000 feet up. Two others have been rescued.

The two survivors, Lt. Col. Kenneth G. McGrew, Yakima, Wash., and Capt. Lester E. Epton, Peareness, N.J., both 33, said they were hurled unconscious from the plane and came to while plummeting earthward. McGrew's parachute was opening as he revived and Epton pulled his ripcord at about 15,000 feet.

They were brought last night to the Canadian air force hospital here, where both were reported in "good condition" despite their ordeal in subzero temperature. Air force officials said Epton, who was marooned in the snow more than 30 hours, suffered frostbitten feet and severely bloodshot eyes.

Both will be flown back today to their Air Force base, March Field, Riverside, Calif.

Neither knew what had happened to the other two crew members—Maj. Robert R. Dowdy, 31, San Diego, Calif., and Capt. Thomas L. Pittman, 34, Fabens, Tex.

## Will Draft Two Countians In March

The draft quota for March has been cut to two from Adams County, according to a notice received by Miss Margaret McIlhenny, secretary of the county Selective Service board. This is a drop from the February quota of nine, and is the lowest monthly quota since last August.

Miss McIlhenny also said that three youths left this morning for their physical examinations at New Cumberland Induction Depot. One was a registrant of the local board, and two were transfers.

## FIVE CARS ARE DAMAGED IN TWO ACCIDENTS HERE

Icy streets caused two auto accidents in the borough over the weekend, according to reports by Gettysburg police. Five cars were damaged, but no injuries or arrests were reported in either case.

Three cars were involved in the accident Saturday afternoon at 5:30 o'clock. They were Lloyd W. Fink, 25, Boyd, Md., a Little Cab driven by Clyde W. Topper, 46, R. 3, and Burrell A. Arter, 34, Littlestown.

Police said that Fink was driving north on Baltimore St. when the light at Middle St. turned red, and he was unable to stop. Topper was driving west on E. Middle St., and, receiving a green light, drove into the intersection. The front end of Fink's car struck the left side of the cab, knocking it into the front end of Arter's car, which was headed south on Baltimore St. and had stopped for the light.

**Report \$375 Damage**

Damage was estimated at \$75 to the front end, grille and bumper of the car Fink was driving, \$250 to the left side and both rear doors and fenders of the cab, and \$50 to the front end, grille and bumper of the Arter auto.

Friday evening at 11:30 o'clock, Paul F. Baker, 30, of 235 Chambersburg St., was driving south on S. Washington St., with Edward A. Hung Jr., 35, R. 2, driving behind him. Baker stopped for the red light at W. Middle St., but Hung was unable to stop, and skidded into the car in front. Damage was estimated at \$200 to the rear of Baker's auto, and \$75 to the front of Hung's.

## J. R. CARBAUGH EXPIRES AT 76

Joseph Raphael Carbaugh, 76, 3 Berlin Ave., New Oxford, a carpenter, died at his home at 3:17 o'clock Sunday morning following a stroke which he suffered February 3. He had been confined to bed since that time.

Mr. Carbaugh was born in Adams County and was a son of the late William H. and Catherine (Breighner) Carbaugh. He had lived at his late address for the last 28 years and had lived in the New Oxford community all his life.

He was a member of St. Mary's Immaculate Conception Catholic Church, the Holy Name Society of the church, the Knights of St. George, the New Oxford School and Athletic Club and the New Oxford Fire Company.

Mr. Carbaugh was thrice married and his first two wives have died. His first wife was the former Bertha McMaster and his second was the former Susan Deardorff.

## Lincoln Dinner At Hotel This Evening

Between 150 and 160 persons are expected to attend the annual Lincoln Day dinner at the Hotel Gettysburg at 6:30 o'clock this evening. John H. Bashore, chairman of the Adams County Republican Committee, sponsors of the affair, said today.

William S. Livengood Jr., Secretary of Internal Affairs, will be the speaker.

Lincoln's Gettysburg Address will be recited. Dr. Robert Fortenbaugh will speak on Lincoln and two Gettysburg College students will sing.

### TWO CHIMNEY FIRES

Emmitsburg firemen were called to two chimney fires, one Saturday and one Friday, with no damage reported for either blaze.

Saturday afternoon at 1:30 o'clock 26 members of the Emmitsburg company responded to a call to the property of Edward Wetzel, about four miles west of Emmitsburg on the Reservoir Rd. Friday morning 21 responded to the Irvin Miller property on the Hemler Rd., four miles south of Emmitsburg.

**CHARGED WITH SPEEDING**

Mancil Everett Bible, Littlestown, has been sent a ten-day notice for speeding by Justice of the Peace Robert P. Snyder. He was arrested February 8 by state police in Cumberland Twp.

## Couple Burned To Death In Waynesboro House Fire

WAYNESBORO, Pa. (AP)—Fire that destroyed a home in sub-freezing weather burned a man and woman to death and seriously injured another occupant of the house.

The charred remains of James Monn, 70, and Virgie Carbaugh, 55, his housekeeper, were found by firemen in Monn's wrecked home yesterday.

George Berger, 72, who lived in a wooden shack attached to the two-story, four-room building, was admitted to Waynesboro Hospital in fair condition suffering from smoke poisoning and exposure.

Fire Chief Orlov E. Helm said the fire started from the explosion of a stove used by Berger for heating and cooking. The explosion sent flaming kerosene throughout the shack and the flames quickly spread to the rest of the house.

The death toll was believed the worst due to fire in Waynesboro in the last half century.

Four neighbors who arrived at the burning house first heard the woman victim screaming and tried to get into the house. They were driven back by flames.

Monn was a moulder with a local farm machinery and ice making equipment plant. He was a widower.

State police Sgt. Jack Arms of the fire marshal's office is investigating the fire.

Soon after the fire was discovered by a neighbor Berger was found wandering around the backyard, barefooted, in three inches of snow, in a dazed condition.

After the fire was extinguished firemen tore down the building.

## County Soldier Is Promoted To Corporal

James R. Motter, son of Mr. and Mrs. George E. Motter, Rocky Ridge, Md., has recently been promoted to corporal in the Armed Forces. He is stationed in Greenland, where he is a Training Information and Education specialist.

The Motters are former residents of Littlestown R. 2. Cpl. Motter is a graduate of Littlestown High School and Shippensburg State Teachers College. He entered the Armed Forces in December, 1953, and received his basic training at Camp Pickett, Va., and Aberdeen Proving Ground, Md.

## 43 ENROLLED ON SUNDAY BY MOOSE LODGE

Forty-three men enrolled in the Gettysburg Moose lodge in a ceremony Sunday afternoon in the Moose Home. The service was the first of two which will be held during the local lodge's Charles L. Lauer Memorial Campaign with the final initiatory ceremony Sunday, February 27.

The degree staff of Harrisburg Moose under the captaincy of Henry R. Funk exemplified the ritualistic ceremony in the gathering with Nevin C. Bush, governor of the lodge, officiating. Robert L. Baumgardner, a nephew of the late Charles L. Lauer, in whose memory the campaign is being held, represented the initiatory class.

Principal speaker was Membership Director William D. Fitzpatrick who is directing the campaign. He spoke of the many accomplishments of the Moose and particularly commended the local lodge in its participation in many civic affairs. He announced that the campaign has been extended to February 27 so that appropriate memorial services can be held with a group of high ranking members of the neighboring lodges participating.

Immediately following the ceremony, the members, initiates and visiting members were served a buffet dinner and enjoyed an hour of sociability.

In addition to Robert L. Baumgardner men enrolled and initiated were: John Alexander, Charles C. Sample, John P. Brennen, Claude H. Humbert, William Devilliss, Clarence Sadler, Lester Bucher, Willis Wherley, Otto Benda, Sterling Sell, Robert E. Britt, Frank Hower, John Augustine, Ray Shupe, Herbert A. Taylor, William Decker, Wilbur F. Deitz, Walter Powell, William F. Lewis, Monroe Wantz, Walter C. Bigham, Charles Donald Rebert, Leon G. Dillman, Carl J. Baker, Cecil Garrett, Magnus Flaws Jr., Donald H. Becker, John M. Bowers, Stanley W. Hull, Glen A. Timmons, George Orner, Leslie Guy Sterner, Jesse Willard Wimer, L. Glenn Shriner, Henry I. Leach, Clair A. Spertzel, Melvin A. Wilson, Floyd E. Heinle and Frank C. Bows.

**Mrs. R. L. McCool Injured In Crash**

Mrs. Eleanor McCool, Hanover, was injured in an automobile accident on the ice-covered Dillsburg-Harrisburg road Friday evening when the car in which she was a passenger was struck from the rear by a skidding truck. She sustained severe lacerations of the head and slight concussion. After treatment by a Dillsburg physician she returned to her home.

Mrs. McCool and her husband, Richard L. McCool, manager of the Cross Keys Drive-In Theater, had spent the past week in St. Louis at the second national convention of the Allied Drive-In Theater Owners Association. They returned by train to Harrisburg, where they were met by Mrs. McCool's father, V. M. Kissinger, Hanover.

While the automobile, owned by Kissinger and driven by McCool, was halted in a line of stalled traffic on a hill near Shepherdstown, a truck driven by Harold Herr, Gettysburg, skidded into it. The car's damage was estimated at about \$300.

**HAVE LOST KEYS**

Borough police said today they are holding two auto keys found Sunday near the post office. The keys, which police think may belong to a Mercury car, are on a chain with a metal tag bearing the initials H. B.

## Chiang Says He Will Not Abandon Offshore Islands

By SPENCER MOOSA  
TAIPEI, Formosa (AP)—Generalissimo Chiang Kai-shek expressed his determination today to hold the rest of the Chinese Nationalists' offshore islands and made it plain he expects United States to help him fight for them if Chinese Communists attack.

"In no case," he asserted, would the strategic islands Quemoy and Matsu be abandoned.

Chiang met newsmen at Nationalist headquarters here after the Reds' Peiping radio triumphantly announced "liberation" of the Tachen Islands, evacuated by the Nationalists last week with the aid of the U. S. 7th Fleet. Peiping boasted it placed Red soldiers "on vantage ground for liberating Taiwan (Formosa) and other islands off the China coast."

Contrary to some reports, the Nationalist Defense Ministry announced it had no intention of evacuating Nanchishan, 140 miles north of Formosa and now the main northern Nationalist outpost.

**All Troops Remain**

The ministry said a small number of dependents and civilians had been removed and more would be removed, but that no troops would be withdrawn.

Nanchishan is 23 miles from the mainland. When newsmen visited the island last year about 2,000 civilians were there. The size of the garrison was not reported.

Chiang smiled contentedly as he faced the largest news conference held here since Nationalists fled the mainland in 1949.

"You newsmen fear the islands will not be jointly defended," he said softly. "But I think the matter is very clear."

**Refers To Two Isles**

Chiang referred to Quemoy and Matsu specifically in written replies to seven questions submitted by newsmen. He added informally: (Continued On Page 2)

## NANCY LEE TATE NAMED COUNTY "APPLE QUEEN"

Nancy Lee Tate, 17-year-old daughter of Mr. and Mrs. Roy Tate, Biglerville R. 2, has been named as Adams County's Apple Queen and will compete for the state title Tuesday at York.

A Senior at Biglerville High School, Miss Tate will compete with

The state queen will be named Tuesday afternoon at 2:30 o'clock at a competition to be held in the Metropolitan Edison Co. office at York.

Selection of Miss Tate as he county's apple queen was made by the Adams County Fruit Growers. (Continued On Page 3)

## HOSPITAL TO GET \$2,000 FROM ESTATE

The Warner Hospital will receive \$2,000 from the estate of Benjamin Franklin Blair, late of New Oxford, according to the account of M. D. DeTar, executor of the estate, approved by the Adams County Court this morning.

The schedule of distribution filed with the estate showed that \$97,810.67 remains to be distributed including the amount for the hospital and two sums for the Methodist Episcopal Church of New Oxford. The one sum for the church is \$2,015.38 representing the value of a \$2,000 U. S. bond left by Mr. Blair for the church and the other sum, \$17.36 is interest that has accrued on the bond.

Another bequest listed is \$500 for the Little Sisters of the Poor, Denver, Colo. The main body of the estate goes to individuals.

**Other Accounts**

A sum of \$87.50 will go to the Memorial Fund of the Annuity Fund of the Central Pennsylvania Conference of the Methodist Church, according to the schedule of distribution in the \$27,005.07 estate of Estelle A. Wason, late of Gettysburg, approved by the court. The amount was listed in the final account of the First National Bank of Gettysburg. (Continued On Page 2)

## BULLETINS

**UNITED NATIONS, N. Y. (AP)**—Russia declared today that no useful purpose would be served by U.N. discussion of a cease-fire on the coastal islands in Formosa Strait.

Soviet Delegate Arkady A. Sobolev told the Security Council "a bigger question has to be considered—that is to lessen tension."

**WASHINGTON (AP)**—Atty. Gen. Brownell today filed an antitrust suit against Schenley Industries Inc., charging it made illegal acquisitions of stock in Park & Tilford Distillers Corp.

The civil action against Schenley, one of the "Big Four" in the whiskey business, was brought in the Federal District Court at Wilmington, Del.

**UNITED NATIONS, N. Y. (AP)**—Britain proposed today that the U.N. suspend its efforts for a cease-fire in the Strait of Formosa to allow interested governments time for consultations.

British Delegate Sir Pierson Dixon spoke after Russia had told the U.N. Security Council that no useful purpose would be served by U.N. discussions of a cease-fire.

**2ND ARMY BAND COMING**

Burgess William G. Weaver, as head of the special invitations committee for the firemen's Battle Anniversary committee, said today he has been notified that the Second Army Band will appear here to head the annual battle anniversary parade June 30. The band took a similar part last year and has appeared here on several other occasions.

## State Trooper To Address Club

Capt. Elmer Faber, public relations officer of the Pennsylvania State Police, will address the weekly meeting of the Exchange Club Tuesday evening at 6:30 o'clock at Bankert's Restaurant. Other guests will include: Burgess William G. Weaver, Sgt. Alexander Swalanski, head of the Gettysburg sub-station of the state police, and Chief Jack Bartlett of the Gettysburg Borough Police.

It will be the club's annual Crime Prevention program, a part of the nation-wide Exchange goal of trying to reduce crime in general and juvenile delinquency in particular. Jay Bringham is in charge of the program.

## OVER \$5,000 DAMAGE IN 2 AUTO CRASHES

A nearby college student and a guard at the Eisenhower farm were involved in two auto accidents over the week-end.

Michael Leonard Mikkelsen, 18, Pleasantville, N. Y., the college student, and a companion escaped injury when their new 1955 auto was demolished near York Springs with damage estimated at \$4,500.

The Eisenhower farm guard, LeRoy S. Appar, 54, Gettysburg R. 1, also escaped injury when his car collided with a truck at the Eisenhower Lane and Emmitsburg Rd. near midnight Sunday night. Damage in that crash was estimated at \$550.

State police said Appar's car, pulling out of the lane, smashed into the side of a south bound Wise Potato Chip truck, traveling from Berwick, Pa., to Silver Spring, Md.

Damage to the truck was estimated at \$50 and Appar's car had damages estimated at \$500. Maurice Lowery, 34, Berwick, was the driver of the truck which had its fender and bumper bent against the wheel. The radiator, grille and hood of the Appar car were smashed.

It was understood that Appar had pulled to the end of the lane awaiting (Continued On Page 3)

## C. H. CASHMAN DIES ON SUNDAY

Charles H. Cashman, 79, Biglerville R. 1, died Sunday afternoon at 3:10 o'clock in a Harrisburg Hospital where he had been a patient for the last three months.

Mr. Cashman was a farmer most of his life and formerly was a road supervisor in Straban Twp. where he had lived for about 30 years, near Granite Station.

He was born in this county and was a son of the late Amos and Lucy (Shull) Cashman. He was a member of St. Luke's Lutheran Church, near Bonneauville. His wife, the former Minnie E. Snyder, died last June 4.

Three children survive: Mrs. Calvin Crouse, Westminster, Md.; Charles C. Newville R. 2, and Chester S. Biglerville R. 1. There are 11 grandchildren and a brother, Blair, Hunterstown.

Funeral services at the Bender Funeral Home Wednesday afternoon at 2 o'clock with the Rev. Oscar Peeman officiating. Interment in St. Luke's Cemetery. Friends may visit the Bender Funeral Home Tuesday evening after 7 o'clock.

## Mrs. Dora C. Beall Dies In Sykesville, Md.

Mrs. Dora C. Beall, 72, widow of Edward Beall, a native of Adams County and former resident of Gettysburg, died at Springfield Hospital Sykesville, Md., this morning at 8 o'clock. She had been a patient there for three years.

Mrs. Beall was a daughter of the late Francis N. and Sarah Ellen (Kime) Frommeyer and was born near Gettysburg.

Surviving are two sisters and a brother: Mrs. Margaret Garvin, West Chester, Pa.; Jacob Frommeyer, Baltimore, and Mrs. Richard Gott, Silver Spring, Md.

Funeral arrangements are being made by the Bender Funeral Home here.

### FIRE CALL CANCELLED

Gettysburg firemen were called Sunday afternoon to a chimney fire at the Shultz residence, 230 W. Middle St., but the alarm was cancelled before the firemen left the fire house. Chief Donald McSherry and his assistant chiefs visited the home however and discovered that some soot along a pipe had apparently caused a fire, but that otherwise the chimney was "cool."

**TOURIST TOTAL DOWN**

# NEHRU FAVORS CHIANG TAKING PART IN TALKS

LONDON (AP)—Indian Prime Minister Nehru came out today for Nationalist China's participation in any international conference on the Formosa issue. Britain, holding a similar view, urged a quick cease-fire as the prelude to such a parity.

France lined up with Britain and the United States in criticism of Soviet Foreign Minister V. M. Molotov's proposal for a 10-power conference that would exclude Chiang Kai-shek's Chinese Nationalists. A Foreign Ministry spokesman in Paris said "it is not possible that this proposition could produce any concrete results."

Nehru made his position clear as he headed home from a two-week visit in London. He told reporters at the airport a Formosa conference is still under consideration. It "obviously cannot exclude any party concerned," he said.

A few hours later, a British Foreign Office spokesman told newsmen:

**Wants Fighting Ended**

"Her majesty's government believe that it would be an advantage to work for an end to the fighting in advance of a conference should there be an agreement to hold a conference. An end to the fighting would improve the chances of a conference succeeding."

The British ambassador in Moscow, Sir William Hayer, is still exploring with the Russians the idea of a Formosa parity, he spokesman said. He added, however:

"We wish to make it clear that the contacts with the Soviet government on the basis of their proposal should not be construed as committing us to a conference as a means of bringing about a settlement of the question to the exclusion of other methods."

**AWOL AIRMAN**

The costs placed on the prosecutor. The district attorney asked if it might be possible to continue the matter until after he has secured depositions. The court, noting that "the court can't be expected to go into a fishing expedition just to find out whether something might be wrong," will decide later on whether to give permission for depositions to be taken.

A decree in divorce was granted Martha Elmira (Cease) Harbaugh, Orttanna, from George Albert Harbaugh, Washington, D. C., on grounds of desertion.

By agreement of parties, the support order against William A. Welkert, New Oxford, was reduced to \$10 per week for the support of a child.

John W. Forsythe, Gettysburg R. 2, appeared for sentence after pleading guilty to a charge of receiving stolen goods. The court, following usual custom, asked if he wished to consult an attorney and when he agreed assigned Attorney Eugene Hartman to talk over the case with Forsythe. Following a discussion, Forsythe withdrew his plea and decided to stand trial. He posted \$500 bail for next term of court.

A number of desertion and non-support cases were continued to March 14. The defendants directed to return at that time included J. Morgan Bomberger, York Springs; George Rumora, New Oxford; Charles A. Rippeon, Hanover; Karl J. DeHoff Jr., Littlestown R. 2. In DeHoff's case the question before the court was the cessation of a prior support order. Because the former Mr. DeHoff was not present the matter was postponed, and DeHoff was directed to make no more payments pending settlement of the case.

**Chiang Says**

(Continued from Page 1)

"As a matter of fact, whether Kimmen (Quemoy) nad Matsui will be defended is very clear to us, and to the Communists very clear."

**His written reply** had said: "With regard to the question of the joint defense of the offshore islands, the statements made by the governments of the Republic of China and the United States have been clear enough and need no more elucidation. The defense of Kimmen and Matsui is essential to the defense of Taiwan and Penghu (The Pescadores) should have become an opinion generally accepted by qualified military experts."

**Chiang's news conference** followed by only 24 hours return of the great fleet which evacuated the Tachens.

**Guemoy Is Shelled**

The windup of the operation was punctuated by three hours of Communist shelling of Quemoy, 120 miles across the Strait of Formosa, Sunday morning. The Nationalist military information service said it was the largest artillery exchange at Guemoy since the Tachen withdrawal began, with the Reds pouring over 50 shells from Amoy port and receiving "a heavy retaliation barrage" in return.

**Observers were inclined** to discount continued reports, however, of Communist junk concentrations near Matsui Island, 100 miles northwest of here and blocking the entrance to Foochow, a Red port.

**Immediately after** his written replies to questions were ready—and his few interpolated remarks completed—the generalissimo abruptly left the conference room.

**News men were unable** to ask him about the statement credited to Foreign Minister George Yeh in the United States was pledged to be defense of Quemoy and Matsui. Yeh laer said he had been mis-quoted.

**World's Largest Shirt On Display**

"The World's Largest Manhattan Shirt" will be on display at Pitzer's Men's Wear, 22 Chambersburg St., this week, and the store is conducting a contest in connection with it.

**The shirt**, made by the manufacturers of Manhattan Shirts, measures four feet long and 28 inches wide. Contestants will try to guess: (1) the neck size, (2) the total number of stitches in the shirt, and (3) the number of yards of thread used to make the shirt. The three guesses which come the closest will each receive a box of shirts from Pitzer's.

**The contest** will run for two weeks, beginning with the date of the display of the huge shirt. Mr. Pitzer said, Contest entry blanks may be obtained free at the store.

**LOOK FOR \$300,000**

**ST. LOUIS (AP)—**The St. Louis Federal Grand Jury will open an investigation today into the missing \$300,000 Greenlee ransom money, U. S. Atty. Harry Richards announced.

**Richards wouldn't say** who the witnesses would be or how many of them are to be called. Subpoenas will be suppressed, he added.

## CROWN NINTH GRADER QUEEN AT HS DANCE

"The Dreamland of Hearts" was the theme of the annual Valentine dance held by the students of the Littlestown Junior High School on Saturday evening from 7:30 to 10 p.m. in the high school auditorium. Approximately 200 persons attended, including students, their guests and faculty members and their guests.

The highlight of the affair was the crowning of Miss Brenda Worley, a ninth grade student, as Valentine Queen to reign for the evening. Miss Worley, who was chosen to be queen by the ninth grade students, on the basis of personality, scholastic standing and ability to get along with people and participation in school functions, was crowned by Frances Miller, the 1954 Valentine queen. The queen's attendants were Shirley Showaker, eighth grader, and Donna Morelock, seventh grade pupil. The attendants were selected by their classmates. The queen and her attendants entered the auditorium from an exit and were escorted to the center of the dance floor where Miss Worley was seated on a bench beneath a sassafras tree trimmed with red and white hearts and spot lighted with a red lamp. The queen and her attendants, who stood one on each side of her, received corsages prior to the crowning. The three girls and their escorts then introduced the evening's dancing.

There were a variety of dances, in addition to the ballroom dancing, including a broom dance, pretzel dance, ladies' choice, shoe and collar dances. Music for dancing was provided by The Girls of Gettysburg.

**Amateur Winners**  
Special entertainment was an amateur show, in which many of the junior high students participated. Winners of the amateur contest were Shirley Trivitt, who sang the solo "Let Me Go Lover"; Mary Ritter and Jean Krout, who entertained with piano and violin selections appearing as Liberate and his brother, George; Carol Baumgardner and Penny Roberts, doing the duet "Sisters" as Rosemary and Betty Cloney, and accompanied by Marietta Weikert. The contest winners received cash prizes and the judges were Mrs. Betty D. Hill, Mrs. Kay C. Sentz, Edwin G. Miller and Lloyd L. Stavelly, of the faculty, and Terry Brown, president of the student council. Gloria Burgoon was emcee for the evening and announced the amateur show.

Following the program and dancing, refreshments were served by Mrs. Paul Morehead and Mrs. Stanley Horner, of the cafeteria staff, assisted by the girls of grade nine. The auditorium was appropriately decorated for the occasion. Stage decorations included a four foot high cupid and several floating clouds suspended from the ceiling. The stage curtain featured musical notes and hearts. The place occupied by the Valentine Queen was the scene of attraction on the dance floor. A large heart with love birds decorated one end of the auditorium and three large crepe paper hearts with white ribbons were placed at the opposite end of the room. Red and white crepe streamers fell from the ceiling. Ned Little and Shirley Hoff were co-chairmen of the decorating committee composed of ninth grade students.

Mrs. Kay C. Sentz and Edwin G. Miller, faculty advisors in the junior high, were in charge of general arrangements for the annual affair.

## "WANT YOU ALWAYS"

I want you for my valentine . . . not merely for today . . . but for as long as I have life . . . no matter come what may . . . I need you in life's summertime . . . and in the golden fall . . . and when winter invades the scene . . . I'll want you most of all . . . but every year upon this day . . . I tell you once again . . . my love for you is still the same . . . as it was way back when . . . there glows within my deepest heart . . . the same old tenderness . . . and more than ever, dear, I need . . . the warmth of your caress . . . I wish you every happiness . . . and may your dreams come true . . . for more than anything on earth . . . my dearest, I want you.

## MISS HAYCRAFT WEDS SATURDAY

Miss Betty Jane Haycraft, daughter of Mr. and Mrs. W. J. Haycraft, Taneytown R. 1, became the bride of Sgt. Frederick William Miller, son of Mr. and Mrs. Ed Mackley, Frederick, Saturday afternoon at 1 o'clock in the Taneytown Presbyterian Church. Rev. Gideon Galambos, pastor of the church, performed the double-ring ceremony.

The bride wore a waltz-length Chantilly lace over a satin strapless dress with a fitted jacket. A crown of orange blossoms held her fingertip Juliana veil of illusion in place. She carried a bouquet of white roses with lily of the valley streamers.

Miss Marian Reaver, Taneytown R. 2, was maid of honor. She wore a waltz-length pink net over taffeta gown with matching head-dress. She carried a bouquet similar to the bride's.

The best man was Pierce Miller, brother of the groom.

A reception was held following the ceremony at the Taneytown Opera House.

After the reception, the couple left for an unannounced honeymoon. Mrs. Miller wore a blue dress with black accessories. Upon their return, they will reside in Washington, D. C.

The bride was graduated from Bowling Green High School, Bowling Green, Kentucky, and was employed by the Central Restaurant, Taneytown. The groom graduated from Frederick High School and is stationed with the Air Force at Bolling Field, Washington, D. C.

## REDS CANNOT OVERRUN ASIA

PHILADELPHIA (U)—The decision has been made to permit the Communists to go no further in "their endeavor to overrun all of Asia," says Sen. James H. Duff (R-Pa.).

Speaking at the 75th anniversary banquet of the Polish National Alliance last night, Duff said:

"As a result of the request by the President to the Congress to act with firmness and determination in the present crisis in the Formosa Strait and the approval of Congress of this request, the die has been cast and the decision made to permit the Communists to go no further in their endeavor to overrun all of Asia."

Other speakers included Charles Reznarek of Chicago, president of the alliance. He declared an contemplated cutback in defense production and the decision to reduce our armed forces at this time are suicidal risks.

ers Association and her appointment was announced today by William Wilson, secretary-treasurer of the county fruit growers group.

The winner of the state title, in addition to taking part in numerous other activities during the year, will also represent the state at the annual Apple Blossom Festival at Winchester, Va.

While planning to study home economics at Pennsylvania State University after graduation from Biglerville High School, Miss Tate has been active in a number of organizations including the Girl Scouts, 4-H clubs and the Hi-Y. Last year she was a county representative to the Tri-Hi-Y session at Reading, and she had been connected with numerous affairs of the Adams County 4-H Council as a committee member.

difficultly. It visited the principal peach section of Blue Ribbon, then traveled up through the Byrsonia area to Mt. Tabor, viewed the Knouse Foods Cooperative plant at Peach Glen, and returned to Biglerville to find the second bus had broken down at Arendtsville and had been unable to make the trip.

## Bus In Crash

The first bus then went to Arendtsville where the second was still in the garage, to pick up the 16 persons who were stranded with the vehicle.

While the passengers were leaving the one bus and entering the other, a car skidded on the ice and smashed sideways into the front and fenders of the bus picking up the group.

Despite its battered appearance after the crash, the one bus, with all of the tourists now aboard, drove to Gettysburg and out to the Water Works Rd. to give the visitors a view of the Eisenhower farm before returning to York.

## SAY MRS. BACON

(Continued from Page 1)

began the final charge to the jury. There is no claim that the conversations were directly about the case being tried.

It is alleged that in one conversation Mrs. Bacon, widow of the trucker who was killed in the accident which formed the basis for the trial and the mother of two young children, told the women jurors that her children which had been in court Tuesday morning later were being cared for by her brother who was serving as a baby sitter. She also told of a walk she and the children had taken after supper one evening after their arrival here for the trial and told of their trip from Georgia covering 800 miles in 16 hours with two 10-minute stops.

The petition says Mrs. Bacon also told how lightly the children were dressed, how one of them had refused to eat a meal, hoping to be back in Georgia soon. She said the children were homesick.

Chatted Swing Recess  
The petition recounts a conversation in which at one stage one of the women jurors asked Mrs. Bacon whether the suit she was wearing was arm enough and received an affirmative answer.

The last conversation was initiated in the courtroom by Mrs. Bacon, it is alleged, which she opened by inquiring of a member of the jury during a court recess what the population of Gettysburg is.

In addition to the conversations with the jurors, the usual reasons are given for asking the new trial—that the verdict was against the evidence, against the law and against the charge of the court. Court errors are alleged in failing to grant defense petitions presented during the trial for a directed verdict.

Claim Contributory Negligence  
In the separate petition in which a court reversal of the verdict and for a judgment in favor of the defense, the verdict notwithstanding, the defense counsel move for a verdict in their favor "on the whole record."

It was the defense position that Bacon contributed to the cause of the accident by his own negligence and therefore Mrs. Bacon is not entitled under the law to damages.

Under usual court procedure, briefs will be filed and the motions for "judgment n.o.v." and for the new trial will be listed for argument later.

The Bacon verdict was one of the largest ever given by an Adams County jury. There were seven men and five women on the jury. They spent about two and a half hours in the jury room.

## MISS M. J. SHUFF HAS RETIRED

EMMITSBURG — Miss Mary J. Shuff, long-time teacher of English at Frederick High School, retired from the Frederick County School System last week and was succeeded by Mrs. Isabella E. Welsh.

Miss Shuff, a graduate of Emmitsburg High School, and daughter of M. F. Shuff Sr., Emmitsburg banker, graduated from the old Maryland State Normal School and received her A.B. degree at Hood College. She later earned her Master's degree at Columbia University, specializing in curriculum, especially English.

After teaching one year in New Jersey in the early part of her teaching career, she was at Emmitsburg High and Elementary School for about six years and for the latter part of that time was principal. For several years she taught at the old Girls' High School in Frederick. She has been in the English department at Frederick High School since 1925.

"Conscientious and faithful in her teaching duties, Miss Shuff is highly regarded in the county teaching profession. She had made substantial contributions to the maintenance and development of the English curriculum in the high schools of the county," Superintendent of Schools Eugene W. Pruitt said. Recently she taught the senior class of the high school in English and she was particularly active in county workshops in curriculum work.

ing the arrival of his replacement in the night guard of the Eisenhower property. When the second guard arrived via Reaver taxi, and the taxi pulled into the lane, Appag pulled out into the road and the accident occurred. It was pointed out that a large sign obscures the view of the Eisenhower Rd. when cars pull out of the Eisenhower Lane, thus creating a hazard for traffic at that spot.

Mikkelsen was driving north on the Harrisburg Rd. three miles north of York Springs Sunday afternoon at 2:45 o'clock when his car skidded on ice, ran off the right side of the road, skidded back on the highway out of control for about 100 feet then went off the right side of the highway again and struck a Metropolitan Edison pole. The 1955 sedan was demolished, with police estimating the loss at \$4,400. Damage to the pole was listed as \$100. Neither Mikkelsen nor a companion in the car, Donald Julius, were injured, police said.

Creek and Emmitsburg Granges at the Community Hall in Harney on Thursday at 8 p.m. The Emmitsburg Grange will provide the program. The meeting will take the place of the regular monthly meeting of the Emmitsburg Grange which was scheduled for Wednesday, February 16.

Mrs. Guy Ridenour, St. Anthony's, is reported recovering satisfactorily after undergoing the amputation of her right leg Tuesday at the Frederick Memorial Hospital.

Charles K. Favorite, 21, son of Mr. and Mrs. Cyrus U. Favorite, Thurmont, was recently promoted to sergeant in Hawaii, where he is a member of the 25th Infantry Division. The "Tropic Lightning" division, recently returned to Hawaii from Korea, is continuing its training program which began after the cease-fire. Sgt. Favorite, a supply specialist in Battery A of the 8th Field Artillery Battalion, worked for the Washington, D. C., Suburban Sanitary Commission before entering the army in June, 1953.

J. Elmer Zimmerman, 210 W. Main St., quietly celebrated his 92nd birthday last Monday, February 7.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
ONE HUNDRED YEARS AGO

Couldn't Come It—On Tuesday night, some fellow, hard pressed for money, made an unsuccessful attempt to enter the Gettysburg Bank. By means of a knife or chisel, he succeeded in getting through a window in the back parlor of Mr. McPherson's residence—the Banking room being in the same building. The rogue then deliberately lighted a candle and prepared to work his way into the Bank. But the door leading thereto from the passage, being lined with sheet-iron, and presenting an impassable barrier to knives, chisels and augurs, he decamped leaving behind him in the parlor an augee bit—Star.

Married: On the 13th inst., by Rev. Jacob Ziegler, Mr. Jacob Keady, to Miss Rachel Ann Beard—both of Liberty township.

On the 8th inst., by Rev. D. P. Rosenmiller, Mr. John Harner, of Carroll county, to Mrs. Susan Wolf, of this county.

On the 13th inst., by Rev. E. H. Hoffheins, Mr. Ephraim Howard, of Hampton, to Miss Sarah Malone, of Reading township.

A Foundling: On Saturday night, about 9 o'clock, a hearty thriving male infant, about a month old, was left at the door of Mr. Harvey D. Sweeney, of this borough, and was taken charge of shortly after by the inmates of the house, who discovered it on the porch. It was carefully wrapped up in a large blanket, and a shawl, to which was pinned a note asking that it should be taken and raised by him as his own, and be called "EDGAR." It was neatly dressed and had a change of clothing wrapped up with it. We learn that on Sunday, it was adopted by Mr. Henry Hughes, of this place, and has been named Harvey Edgar Hughes. There is no clue to the parents who have thus exposed their offspring to the charities of the world—but the presumption is that it was brought from a distance, as a sleigh was noticed by a neighbor to stop at the door a few minutes previously.

The Mummasburg Mutual Fire Insurance Company on Saturday elected the following officers: President—E. M. Stahl; Vice President—M. Deatrick, sen.; Secretary—David McGrew; Treasurer—M. Deatrick, Jr.; Executive Committee—Peter Scholl, Martin Thomas, John Hartman.

The gentlemen managing the copper mining operations in the western end of this county are determined to get up a "copper boom." The following paragraph is going the rounds of our exchanges:

Adams County is likely to have a Copperville. This new copper field has lately been thoroughly examined by a Boston geologist, and Boston capitalists are already securing interests and have commenced mining on the Reed farm, near Monterey Springs.

New Oxford Items: As yet very little ice has been housed in this place. The past few days we noticed wagons coming to town with ice, but on Monday afternoon they were obliged to stop hauling on account of the bad condition the ice was in—composed of one-half snow, and soon melted.

## Today's Talk

## ANTI-AMEN

How refreshing it is to listen to anyone who knows what he wants and what he likes, not merely surrendering to the easy way of agreeing with everyone—known as an "Amen" person. It is always stimulating to meet and converse with a person who knows his own mind and who has the courage to express exactly what he thinks, regardless of the opinions of others.

On the other hand, it is unintelligent to oppose everything just to be "different," or to get the reputation of an anti-Amen person—and oppose things without "rhyme or reason." There are urgent problems in the world, many of them almost at our very feet, that need our thoughtful consideration and support, not our thoughtless opposition.

One of the very greatest faculties of the mind is its reasoning power. Instead of saying no or yes to a proposition without full consideration, take the time out to give intelligent thought to it and then give your decision. Whether right or wrong, you will have exercised an honorable function of the mind, and unconsciously set yourself apart as one of God's happy agents!

It was Stevenson who once said: "To know what you prefer, instead of humbly saying Amen to what the world tells you you ought to prefer, is to have kept your soul alive." Not only that but your self-respect thereby will have been preserved and nourished.

Constructive thinkers often have to wait a long time for their ideas to get the proper attention. Many of them are in their graves before fame and just recognition become theirs. But like Truth itself great deeds march on. Were this not true we could boast of little, for progress is made up of dreams, and the final triumph of ideas that others have initiated. How precious is freedom, and how wonderful it is that we can think as we please and express our opinions without being shot because of them!

Tomorrow Mr. Adams will talk on the subject: "Kindly or Not at All?" Protected, 1955, George Matthew Adams Service

## Measure To Change Primary Election From May To July Is Before Legislature Today

HARRISBURG (AP)—The 1955 General Assembly returned to work today with four topics figured ready for top level consideration this week—primary elections, unemployment compensation, reorganization and fair employment practices.

Only one, the controversial proposed change in primary elections from May to July, was in position to be acted upon today. And except for the House-approved unemployment compensation changes, the others are all in the hands of committees which must vote approval before either house can take action.

Meanwhile, a new report circulated through Capitol Hill that a recess is being planned for the near future—if leaders of the split Legislature can get together.

Consider Recess  
One source, who declined identification by name, said top officials are considering a three or six week recess—in order to allow time for Gov. George M. Leader to get his budget ready.

But Sen. Rowland B. Mahany, the Republican Senate leader, said, "there is no agreement on a recess at this time."

"However," he added, "if the Democrats want one and can show good reasons for wanting it we won't oppose one. It is up to them to propose it, however, we won't." Since the session opened Jan. 4 Republicans have contended they must have the Leader budget before getting down to any real work. Democratic leaders have promised the budget as soon as possible. The last estimate given by Gov. Leader himself last Thursday, was that it would be ready "very soon."

"Sort Of Silly"  
"The roads are pretty bad this month and next month and there is no using coming here every week for nothing," Mahany said. "If working five or six days a week would get the session over by June I'd glad to do it but coming down here weekly to go through a couple of little bills is sort of silly."

Today's House calendar lists three bills for consideration, one ready for a vote. The Senate has eight measures before it, seven for final action.

No top Democratic source was available for comment on the recess report.  
As recently as two weeks ago Rep. Albert S. Readinger, Democratic leader in the House, announced that the administration had given up the idea of a prolonged recess which had been proposed earlier in the year.

GOP Opposes Primary Bill  
The one bill ready for action in the House, to delay the primary election in all but presidential years, is opposed by the GOP.  
House Speaker H. G. Andrews said there will have to be a nose count of the Democratic majority of 112-98.

"Every county has a different situation," he said. "The rural areas would just as soon have the election in July as May but some cities may object because July is seashore vacation time."

The bill, changing the primary, effective immediately, from May 17 to July 19 has administration support but Gov. Leader said he will leave the decision to the lawmakers. A similar Senate bill is under consideration by the Senate Elections Committee.

"I don't think it has a chance in the Senate," Mahany said. "A change this year would result in a great deal of confusion. I think the Democrats' idea is to let the vacationists go to the seashore and keep the faithful back home to vote the party ticket."

Reduce Campaigning  
Democrats says the change would cut extended campaigning.

There was another report that the Democrats were thinking of scrapping the bill because of opposition from Philadelphia party leaders. Philadelphia Mayor Joseph S. Clark Jr., and Richardson Dilworth, district attorney, were reported to have protested its enactment to Sen. Joseph M. Barr, Democratic state chairman.

The House-approved administration unemployment compensation revisions went under minute study of the Republican controlled Senate when Mahany met with John R. Torquato, labor and industry secretary.

Over the weekend the State Chamber of Commerce, represent-

ing some of the largest payrolls in the state, declared that "some portions of the bill would actually weaken the present law."

The Chamber said that the present tax table on employers would bring in enough money to keep the fund healthy if benefit increases were kept "on a moderate scale and tighter eligibility standards were erected."

Called "Afterthought"  
Readinger said he would seek early action on Leader's proposal for a 12-man commission to study government reorganization. But Rep. Charles C. Smith, Republican House leader, called the proposal an "afterthought" devised by Democrats because their original planning for reorganization was incomplete.

"We do not say this in criticism of a commission," Smith said, "but will the governor make up his mind what he wants and stop trying to hit the Republicans over the head to cover up his own mistakes?"

Mahany said the proposal will be studied this week but asked for specific reorganization plans from Leader.

Back FEPC Bill  
Andrews predicted that legislation to establish a fair employment practices commission, a perennial issue, will receive overwhelming House approval. It would ban job discrimination because of race, color, creed or national origin.

"I don't suppose there will be five votes in the house against FEPC," Andrews said. It was a platform of both parties in the November campaign.

FEPC legislation was approved by the Republican-controlled House in both 1951 and 1953 but was killed by a Senate committee.

## TOMMY BOLT IS WINNER IN TUCSON OPEN

By MURRAY SINCLAIR  
TUCSON, Ariz. (AP)—"He plain outdistanced me."

That's the way Bud Holscher, Santa Monica, Calif., saw it when Tommy Bolt, Houston, Tex., came from behind to clip four strokes off par yesterday in the final four holes to win the \$10,000 Tucson Open Golf Tournament.

Bolt's 65 yesterday gave him a 72-hole total of 266 for the 6,409-yard, par-70 El Rio course and the tourney's top prize of \$2,000 for the second time in a row.

Holscher and Art Wall Jr., Potomac Manor, Pa., collected \$1,200 each by finishing in a two-way tie for second with 11-under-par 269s. Tied At 12th Hole

Little Jerry Barber, Los Angeles, finished with a 64 for a total of 272 to earn \$800.

Holscher started the final round leading Bolt by a stroke and Wall by four. The trip drew into a three-way tie with a birdie on the 12th. All parred the 13th. A birdie 3 on the 14th gave Holscher back a one-stroke lead.

Bolt called the 15th and 16th the "payoff holes."

A 20-foot putt netted him a birdie on the 15th, pulling him even with Holscher, who settled for par, along with Wall.

Eagle 3 On Last Hole  
Bolt got a birdie and Wall a par 4 on the comparatively simple 16th. For the third time in four days Holscher went over par on the same hole. His second shot was trapped.

Bolt now had a two-stroke lead. All had par 4s on the 17th.

"I knew I had the tournament won when I left the 18th tee," Bolt said later. "The 15th and 16th had done it."

Just to make sure, Bolt sank a 30-foot putt for an eagle 3 on the last hole. Wall's chip shot from 70 feet away on the same hole placed him in position for a birdie. Holscher had to birdie the hole to tie Wall.

Gene Littler, Palm Springs, Calif., the big money winner on the winter tour so far, was well back with 289 and out of the money.

Sandy Amoroso is the smallest player on the Brooklyn Dodgers' roster. He is only 5 feet 7½ inches tall.

## 12 Cars Derailed In Minnesota Cold

SAUK CENTRE, Minn. (AP)—All 12 cars of the Western Star, Seattle-Chicago passenger train, were derailed Friday night in subzero cold, injuring 40 of the 190 passengers. None was seriously hurt.

A spokesman for the Great Northern Railway said the wreck apparently was caused by a rail breaking in the 14 below weather near West Union, 10 miles north-west of here.

## GEN. SOMERVELL DIES SUNDAY OF HEART ATTACK

OCALA, Fla. (AP)—Gen. Brehon B. Somervell, 62, who commanded the Army Service Forces in World War II, died of a heart attack yesterday at his Florida home.

Since retiring from the Army in 1946, he had been president and chairman of the board of Koppers Co. Inc., manufacturer of industrial machinery and industrial by-products at Pittsburgh, Pa.

He had one attack last year and after two surgical operations came here from Pittsburgh to recuperate. Friends said he appeared to be making good progress toward recovery and planned to resume his duties with Koppers next month.

West Point Graduate  
Somervell, a native of Little Rock, Ark., graduated from the U.S. Military Academy in 1914. His experience with the Corps of Engineers won him a variety of assignments in and out of government.

In 1925, he assisted in a navigation survey of the Rhine and Danube rivers for the League of Nations. In 1933 he made an industrialization survey of Turkey for the Turkish government.

He headed the WPA in New York City from 1936 to 1940.

He returned to active Army duty in World War II. He jumped from lieutenant colonel to lieutenant general in little more than a year and became head of the Army branch known then as Services of Supply, later the Army Service Forces. His job was to supervise service operations supplying the entire Army.

Funeral services will be held in the chapel at Ft. Myers, Va., Thursday. Burial will be in Arlington National Cemetery.

## O'BRIEN TWINS MAKE DEBUT IN PRO CAGE LOOP

By THE ASSOCIATED PRESS  
The O'Brien twins of Seattle University made their debut in the Eastern Pro Basketball league yesterday but their team, the Lancaster Roses, bowed to Wilkes-Barre, 91-68.

Johnny O'Brien, who holds the top three-year collegiate scoring record of 2,537 points, tallied 30 for the Roses. Brother Eddie went scoreless.

Lancaster did set an Eastern League record, however, converting 20 out of 20 foul tries, 10 of these being made by Johnny O'Brien.

At Scranton, four other league records fell when the Miners converted 53 out of 71 fouls in beating Hazleton, 103-93. Both Scranton figures were new records while 27 out of 41 tries by Hazleton made a total of 80 conversions out of 112 tries for both teams, two new marks.

The Sunday mark cracked records set Saturday night as Wilkes-Barre defeated Scranton, 80-74. In that contest the Barons converted 30 out of 51 and Scranton 32 out of 36.

The increase in fouls attempts was attributed to the introduction of the "penalty foul" rules similar to those used by the NBA.

Williamsport maintained its top position in the league on the strength of an 87-65 conquest of Hazleton, while Wilkes-Barre climbed to second place with two weekend wins.

Williamsport's win, and Wilkes-Barre's victory over Scranton were the only two Saturday games as a snowstorm forced postponement of a scheduled Lancaster-Sunbury contest.

## LITTLE CHANGE IN RUSS BUDGET FOUND IN STUDY

By WARREN ROGERS JR.  
WASHINGTON (AP)—State Department fiscal experts reported a belief today the Russians have made virtually no changes in their economy despite all their talk of a shift back to heavy industry.

This finding is based on careful analysis of the new Soviet budget for the 1955 calendar year. The budget was presented last week to the same Soviet parliamentary session which saw Georgi Malenkov succeed by Nikolai Bulganin as premier.

The budget of 562,900,000,000 rubles exceeds last year's total by 200 million rubles, the lowest increase since World War II. The official exchange rate is four rubles for \$1, but the rate varies with the transaction and sometimes goes to 20 for \$1.

More Realistic  
The U. S. specialists see in the slight increase a sign that Soviet economists are adopting a more realistic attitude, clamping down on any inflationary trends, and juggling figures so as to imply stepped-up defense spending to back up tough talk.

The Russian budget breaks down into four broad categories, with an unexplained fund left over. The four categories are: Cost of running the government; social and cultural programs, such as education; national economy factors like construction of buildings; and direct defense costs such as guns and planes.

Total increases in these four categories came to 12 per cent. But the budget as a whole showed virtually no increase. This meant that the 12 per cent boost came out of the unspecified residual funds.

Wary Of Bookkeeping  
About half of this unmarked fund provides money for research and development—including nuclear weapons and jet planes.

Since most of the money shift apparently came from this fund the experts in Washington believe some research and development project must have moved into the production stage.

However, they are wary of any Soviet bookkeeping. As a rule of thumb, they figure half of the total budget goes in some way or another toward defense costs. For instance, housing for soldiers would come under the national economy section rather than under defense.

## State Nurserymen Elect New President

YORK, Pa. (AP)—Jesse R. S. Flory of Stroudsburg is the new president of the Pennsylvania Nurserymen's Assn.

He was elected to a one-year term Thursday at the close of the group's two-day annual convention. He succeeded A. F. W. Vick Jr., Gladwyne, who was elected to the executive board.

Arthur B. Copenhagen, Camp Hill, and Homer A. Thornton, Conneaut Lake, were elected vice presidents. Wilbur Nisley, Harrisburg, was slated for reappointment as executive-secretary by the executive board.

Board members chosen were: Robert Hood, Drasher; Sidney Huton Jr., West Grove; Fritz Hansen, Narbert; Fred J. Mummet, Harrisburg; Charles E. Smallwood, Christiansburg; John Erb, Lancaster; Herbert Hoechstetter, Verona; John M. Eisler, Butler, and Louis Eisenbach, Vitzsburg.

## 4-MINUTE MILE INDOORS SEEMS LONG WAY OFF

NEW YORK (AP)—Out of all the furor accompanying Fred Dwyer's mile victory over the two "invincibles"—Wes Santee and Gunnar Nielsen—came an inescapable conclusion today:

The four-minute mile indoors is a long way off.

If Santee runs himself out with a 1:59 half, as he did in the Baxter Mile of the New York A.C. Games Saturday night, there isn't much hope. A mile has to come close to two minutes for the half if he is going to cross the finish in four minutes.

Says Santee Is Through  
Dwyer himself put his finger on the crux of the situation when he observed that 1:59 is too fast for a half indoors.

"I think I'll win the next time the three of us race," said the confident 23-year-old GI from Villanova.

"Furthermore, I think Santee is through for the rest of the season. I think he has burnt himself out trying for records. It was a foolish pace. As soon as I heard the 56.6 quarter-mile time announced I dropped back.

Next Saturday Again  
"I was running well within myself all the way. I know enough about pace not to try to keep up with a fellow running that fast."

Dwyer passed the fading Santee and Nielsen just before the three-quarter mark and won by a cool 65 yards in 4:06.2. Nielsen's second

## UNEVENTFUL EVACUATION BOOSTS HOPE

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—Paint official hopes for a cease-fire between Communist and Nationalist China were encouraged today by the fact that the Red Chinese refrained from making trouble during evacuation of the Tachen Islands.

State Department experts said it would be unwise to read too much significance into the Communist conduct, however, since the Reds by their inaction stood to gain possession of the islands without firing a shot in assault.

The State Department announced last night the Tachens operation had been completed, but said U. S. forces assigned to it would continue to "be alert to any concentration or employment of Chinese Communist forces" preparing for an attack on Formosa, the Nationalist Chinese stronghold.

## Superb Foul Tossing Sparks Bullet Cagers To 65-55 Win Over Lehigh; Freshmen Lose

Outscored from the field, Gettysburg College's basketball team made good on 31 of 38 foul attempts to upset highly-regarded Lehigh, 65-55, here in Eddie Plank gymnasium on Saturday night. The Engineers converted only 15 of 27 foul tries.

Coach Hen Bream's cagers never trailed their taller opponents from the moment Dick Hockenbury tallied from underneath in the first ten seconds of the first period. Bob Gilmer connected on a jump shot for the visitors to tie, 2-2. A lay-up by Al Tett, a pair of fouls by Eddie Ferren, Bill Snyder's corner set, and a solo effort by Ferren scored the Bullet edge at the 3:01 mark to 10-2.

Coach Tony Packer's Engineers were never quite in the ball game after that. The Bullets, with an eight-point spread at the end of the first quarter, 22-14, began to play a deliberate game. Snyder paced the scoring in the second period with three goals, and at half time the home team had a ten-point edge, 35-25.

### Visitors Pare Margin

Lehigh, with all of its starters 6-2 or better, climbed closer in the third quarter when Gettysburg contented itself with holding on to the ball. The Bullets' Fred Alleva opened the quarter by missing a foul toss but Eddie Cahn, Lehigh ace, connected on a pair of fouls. Hockenbury's two charity tosses and Alleva's field goal after intercepting a pass gave Gettysburg a 12-point bulge, 39-27. The visitors' Snyder traded two foul tosses each, but then Cahn started to connect.

Three fouls, and two field goals by Cahn, and Claude Royster's free throw brought Lehigh to within four points, 41-37, at 7:10 of the third period. After Tett and Cahn traded field goals, Snyder connected on a corner set for the Bullets. Royster's jump shot and Gilmer's charity toss made the score 45-42 with but 35 seconds remaining in the period. Ferren drove through for a field goal and added two fouls to give Gettysburg a 49-42 margin at the end of three quarters.

The fourth period was almost an anti-climax as Tett caged four free throws and a jump shot as against Jefferis' foul to give Gettysburg a 55-43 lead with 6:40 remaining. Lehigh attempted to get the ball, but succeeded only in fouling the Bullets. With 3:00 remaining the Bullets were leading, 65-49. A trio of Engineer goals cut the score to 65-55 at the end of the game.

### Team Triumph

All of Coach Hen Bream's passers played fine ball. Bill Snyder's 18 were high for Gettysburg but his rebounding was equally brilliant. Eddie Ferren and Al Tett both netted 16 with the latter making good on ten of ten foul tries. Dick Hockenbury did yeoman work under the boards while contributing nine points, while Fred Alleva hawked Lehigh's Cahn very effectively for the first half and then fouled out in the final period. Cahn's 19 were high for the game.

## COEDS TROUNCE WILSON SEXTET FOR 60-32 WIN

Sparked by Alice Davis who connected for 22 points, the Gettysburg College girls' basketball team defeated Wilson College of Chambersburg 60-32 here Saturday afternoon.

The victory was the second in three starts for Coach Grace Kennedy's sextet.

The Bullets got off to a 12-8 lead in the first quarter and held a safe margin the remainder of the way.

Lock Haven State Teachers College will come here for a game Thursday afternoon at 4 o'clock.

## TIGER JONES AND NORKUS IN RING THIS WEEK

By JACK HAND

NEW YORK (AP)—Ralph (Tiger) Jones and Charley Norkus get the "once in a lifetime" chance this week to muscle into the big money in boxing.

Jones, an upset winner over Sugar Ray Robinson after losing five in a row, gets a nontitle shot at middleweight champion Carl (Bobo) Olson Wednesday at Chicago in the same ring where he whipped Sugar Ray. If Jones should win, or even make it close in an exciting bout, he might get a crack at the crown next summer.

Olson probably will box Joey Maxim, the former light heavy king, in another over-the-weight match at San Francisco in March before he makes another defense.

### Robinson Tries Again

Robinson, incidentally, will probably continue his comeback against the advice of many boxing men, by meeting Johnny Lombardo at Cincinnati March 15.

Norkus' big chance comes Friday at Madison Square Garden against Ezzard Charles, the former heavyweight champion. On the strength of a knockout over Charley Powell, highly touted former football star, and a decision over Roland LaStarza, Norkus is No. 9 among the contenders.

Charles, making his first start since his two losing fights with Rocky Marciano last year, is No. 3 among the challengers.

### Fullmer Vs. Pender

Gene Fullmer, one of the bright new stars in the middleweight division with 27 straight victories, bumps up against clever Paul Pender, of Boston, in an interesting match tonight at Eastern Parkway Arena in Brooklyn. Fullmer whipped Jackie LaBua, Peter Mueller and Marcel Assire to impress local critics. Pender showed flashes of his pre-Marine form when he outpointed Ted Olla Dec. 20. He has won three since his discharge from the Marines.

ABC will telecast. Jackie Blair, Dallas veteran of 111 fights, visits New York for the second time of his career to box Kenny Lane, of Muskegon, Mich., at St. Nicholas Arena tonight. DuMont will telecast.

## NIT AND NCAA IN SCRAMBLE FOR TOP TEAMS

By ED CORRIGAN

The Associated Press

The annual scramble between the National Invitation Tournament and the NCAA for good basketball teams moved into high gear today with the NIT expected to announce three more clubs for its Madison Square Garden event.

In recent years, the NCAA appeared to get the better of the crop because the 15 conference winners across the nation are required to play in its tournament. The NIT has had to take the leftover independents, some of whom had poor records.

This season—a crazy, mixed-up one for the collegians—the NIT could come up with the better tournament. The Garden already has lured Dayton, Duquesne and Cincinnati and is on the prowl for as many more of the top independents as it can grab off before the NCAA gets down to serious business.

### NCAA Might Be Worried

Marquette, which boasts a winning streak of 18 games—longest in the country, is the only school in the NCAA field of 24 so far and it appeared that the NCAA might be getting somewhat worried over the NIT. It rarely selects any of its nine at-large teams so early.

For a time, the NIT hoped to get San Francisco, the No. 1 team in the weekly Associated Press poll, but it does have agreed to play in the NCAA as an at-large representative if they win their loosely organized California Conference title.

### To Announce Today

The three teams the NIT will announce today probably will come from among the Eastern powers. Manhattan, which appears to be about the best of the New York schools, probably will get a call to inject some local talent in the event. The Jaspers have a 14-3 record.

Second could be Holy Cross (15-4), winner of the tournament last year. The third could come from a large group which includes St. Francis of Loretto, Pa., Niagara, Connecticut and Canisius. The guess is Connecticut, which boasts an impressive 17-3 mark.

LEMON WON 12 GAMES AND LOST ONLY ONE NIGHT OUT.

## Deep Freeze Used In Furman Game

GREENVILLE, S. C. (AP)—Lyle Alley, coach of Furman University high scoring basketball team, had some chilly words today for backers of deep freeze cage tactics.

Alley's thoughts were crystallized with the memory of Furman's 26-24 victory over The Citadel at Charleston, S. C., Saturday. Furman went into the game the nation's highest scoring team with a 94.1 per game average.

In their previous meeting at Greenville, Furman walloped The Citadel, 154-67, setting a new high for major college scoring.

After the Paladins had a 23-15 lead Saturday, Alley said the Citadel began playing possession-type basketball. The halftime score was 25-20. In the second half Furman tried no floor shots, scoring its only point on a free throw.

## VETERAN SOCCER COACH RETIRES; DAVIES NAMED

William D. Hartshorne, the man who organized the first Gettysburg College soccer team 24 years ago, and who has served as the team's head coach since that time, today announced his retirement from the active coaching ranks. He will continue as an associate professor in the college's Romance Language Department.

Hartshorne will be replaced by Bob Davies, now a member of the Rochester Royals professional basketball team, who next year will join the Gettysburg coaching staff.

Under Hartshorne's direction, his first teams played informal schedules in 1930 and in 1932 soccer took its place as a regular part of Gettysburg's intercollegiate athletic program. Hartshorne began his soccer career as a player for Weston School in West Chester, Pa., and later was a member of the Haverford College team. At that time, Haverford was a member of the nation's only organized collegiate soccer league, which included teams like Yale, Harvard and Princeton. Before coming to Gettysburg, Hartshorne played for the Moorestown, N. J., team of the Cricket Club League, and later coached at the Wardlaw Prep School, Plainfield, N. J., and the St. Louis Country Day School. For many years, he has served as Southwest District representative of the Middle Atlantic Collegiate Soccer Conference.

### Costly Fracture Snarls Ice Deal

PROVIDENCE, R. I. (AP)—Owner Lou Pieri of the Providence Reds sees a loss of \$40,000 in his club's American Hockey League triumph over the Pittsburgh Hornets last night.

That's the price Pieri put on a deal he was about to complete with the Montreal Canadiens of the National Hockey League.

The deal went out the window when Guy Gendron, rookie left wing, suffered a fractured left leg in the first period of the game, won by Providence 3-2.

Bequer (pronounced Becker) has proved himself after only one season in the International League. He will be going to Orlando, Fla., with the Washington Senators.

Bequer might need another year of experience. If so, he will be back with the Sugar Kings. He goes after too many pitches. The day he quits this habit will mark a big improvement for him. He has plenty of power.

Bequer hit 258 in 133 games. Scull is going to Tampa, Fla., for training with Cincinnati. He was having a good year with the Sugar Kings when he broke his jaw in Rochester. He was out 22 days. But he's been a winter league star this year.

His fast, having stolen 29 bases for us, has power and is a good hitter. He batted .268 in Havana. He's trimly built and smart on the bases. The Cincinnati players will have a hard time keeping him out. If he doesn't make it I'd be very happy to get him back on the Sugar Kings, who have a working agreement with Cincinnati for the coming season.

## ST. FRANCIS 5 MEETS BULLETS TONIGHT AT 8

Gettysburg College Athletic Director and head basketball coach, "Hen" Bream, expects a packed house tonight when his Bullet cagers tangle with powerful St. Francis College of Loretto, Pa., at 8 o'clock.

St. Francis, led by All-American Maurice Stokes, is one of the top attractions on Gettysburg's home schedule this season. Stokes, who

placed the Frankies into the quarter finals of last season's National Invitation Tournament, has scored more than 2,000 points in his collegiate career and is widely acclaimed as one of the nation's top stars.

The Bullets, experiencing one of the poorest seasons in the school's history, again will lead with their ace scorer and all-around player, Bill Snyder. The 6-2 senior co-captain from Allentown, honorably mentioned on last season's All-State team, is averaging 21 points a game, and three times this year has scored 50 or more points in one contest.

Tonight's clash with St. Francis will be Gettysburg's last home game until March 3 when the Bullets return to the Eddie Plank gymnasium for a battle with Muhlenberg. Before that, Coach Bream's charges face a rugged road program which calls for meetings with Navy, Bucknell, Quantico Marines and Lafayette.

## MAIN TRAIN LEAVES TRACK ALONG RIVER

AUGUSTA, Maine (AP)—A Boston to Bangor passenger train plunged off a rain-gouged roadbed bordering a riverbank area during a driving rainstorm Friday night. None of the 114 passengers and 6 crew members was seriously injured.

Two of the train's seven units—a storage mail car and an empty milk tank car—hurtled down a steep, 15-foot embankment into the ice-covered Kennebec River.

Four passenger coaches plunged off the twisted rails stopping just short of a water-filled ditch. One of them came to rest leaning against an embankment at a 30-degree angle. The others tilted but did not overturn.

A railroad spokesman said a rainstorm that soaked most of New England and forced the Pine Tree Limited to run about 40 minutes late also apparently weakened the roadbed 1½ miles east of the Kennebec Railroad siding, about 5 miles north of Augusta.

The diesel locomotive, with engineer Albert E. Pritchard of Portland at the throttle, plowed into the washout and slipped, its rear tumbling from the tracks. Next in line were the mail car and the milk tank car, which bounced down the embankment into the frozen river.

## Man Confesses He Set Two Blazes

READING, Pa. (AP)—Harry A. Hummer, 31, of New Berlinville, confessed Thursday to having set two recent blazes, one at the J. H. Schmoey coal and lumber yards and the other at the Boyertown Times, officials said.

Total damage at the two fires was estimated at \$260,000.

Berks County Dist. Atty. Henry M. Koch said Hummer signed a statement admitting using a bonfire of paper to ignite the lumber yard last Dec. 30 and the newspaper office a month later. Koch said warrants on the two arson counts would be issued today.

## Mack Trucks, Inc. To Make Electronics

NEW YORK (AP)—Mack Trucks, Inc., has acquired two New York City electronics manufacturing firms and will enter the electronics field, it was announced recently.

President P. O. Peterson said Mack had purchased White Industries Inc. and Radio Sonic Corp. in the first major step in a long range program of product diversification.

Robert G. Kramer, president of White, and G. Emerson Pray, president of Radio Sonic, will be given key executive position in the new setup. Pray at one time was chief engineer of Airplanes Submarine Instruments Inc., Clearfield, Pa.

## YALTA RECORDS KEPT SECRET

WASHINGTON (AP)—This 10th anniversary of the climax of the Yalta conference arrived with no new word from the State Department as to when it will publish the secret records of those top-level talks.

It was at Yalta that the victorious World War II allies were supposed to have settled the hard-won peace. The conference has been the subject of bitter political recriminations, as well as harsh words between the United States and Russia over precisely what was agreed to.

Among the Yalta papers are notes and records kept by Alger Hiss. He is the former State Department employee who served a prison term on conviction of lying under oath when he denied that he slipped secrets to a pre-war Communist spy ring.

The Hiss case was used by many Republicans in attacks on the Democratic administrations of Franklin D. Roosevelt and Harry Truman. The original expectation that the papers would come out last October aroused an outcry that they might become political footballs in the November congressional elections.

Delays in publishing the Yalta record—expected to be followed by

## 2 SLAYERS WITH 55 RESPITES ASK COMMUTATION

HARRISBURG (AP)—Two convicted holdup slayers—both awaiting execution for more than six years—next week will ask the state Parole Board to commute their sentences.

Edward Hough, 40, who has had 33 respites from execution since 1947, and Harry Zietz, 27, who has had 22 respites since 1949, will seek clemency at the first meeting of the new administration's parole board February 15.

Hough, together with David Almeida and James Smith, was convicted in the slaying of Cecil Ingling, an off-duty patrolman, during the holdup of a Philadelphia supermarket in January 1947.

Zietz, David Darcy, 30, and Harold Foster, 30, were convicted of killing 38-year-old William Kelly during the holdup of a tavern in Feasterville.

Both of Hough's companions in the supermarket holdup have since won commutations of their death sentences to life imprisonment.

In Zietz' case, however, both of his holdup companions are also awaiting execution.

The three tavern bandits killed Kelly as they made their getaway from the holdup. The victim was standing across the street at the time, unaware of the robbery.

Earlier, inside the tavern, the youthful bandits shot down two patrons, seriously wounding both. Hough was captured immediately following the supermarket holdup Jan. 30, 1947.

Following the 1947 conviction of Almeida, Smith and Hough, it was found that the bullet that killed Ingling was not fired by any of the three men.

**Court Blames Trio**  
Ingling was killed in a flurry of bullets fired by police and the three holdup men making their getaway.

However, the state Supreme Court ruled that any death resulting from a crime is the responsibility of the lawbreakers. Smith is serving his term at Graterford Penitentiary, while Almeida is at Holmesburg Penitentiary.

Hough, Darcy, Foster and Zietz are all at Rockview Penitentiary where the state carries out executions for capital offenses.

Hearing pleas for pardons and commutations of sentence for the first time will be Atty. Gen. Herbert B. Cohen, James A. Pinnegan, commonwealth secretary, and Lt. Gov. Roy E. Furman, all new members of the board.

William S. Livengood, secretary of internal affairs, will continue as a member of the board until his term expires in May. He will be replaced by Miss Genevieve Blatt, secretary-elect of internal affairs.

## Leader Asks Jaycees To Aid State Industry

HARRISBURG (AP)—Gov. George M. Leader has asked the state Junior Chamber of Commerce to "strongly back" local and state level moves to rehabilitate Pennsylvania industrially.

"Our industrial rehabilitation plan can be a success only if action is taken on the local as well as the state level," Leader told the group Thursday at what was described as "a get acquainted meeting."

Council President Kenelm Shirk, Lancaster, promised the governor the group's "cooperation in the state's industrial rehabilitation drive," and invited the governor to attend the chamber's annual meeting May 29-30 in Reading.

## EXPECT TO PASS ADMINISTRATION TRADE PROGRAM

WASHINGTON (AP)—Sponsors of President Eisenhower's lower-tariff trade program predicted Friday it will survive a close test on the House floor without major change.

They commented after the House Ways and Means Committee approved the administration bill late Thursday by a surprisingly top-heavy 20-5 vote.

House Speaker Rayburn (D-Tex.) set next Thursday and Friday for floor action on the bill, which would extend the Reciprocal Trade Agreements Act for three years past June 12 with renewed tariff-cutting powers.

Under this act the President may negotiate lower tariffs on foreign products coming into the United States, in exchange for trade benefits to American products abroad.

**Three Methods**  
Specifically, the bill would permit the President, in negotiations, to lower tariffs in any of three ways: he could cut them 5 per cent each year from present levels; he could cut tariffs now above 50 per cent of the value of the goods down to that level; or on products not now coming into the United States in appreciable amounts, he could chop rates 50 per cent below the levels of Jan. 1, 1945.

The Republican-controlled Congress balked at a similar bill last year and Eisenhower settled for a one-year extension of the act without added power to cut tariffs.

Rep. Daniel A. Reed (R-NY), senior Republican on the Ways and Means Committee, announced he will fight on the House floor for more protection for American industries.

**PHILLY OFFICIAL DIES**  
PHILADELPHIA (AP)—Managing Director Robert K. Sawyer, 42, No. 2 man in the Democratic administration of Mayor Joseph S. Clark Jr., collapsed and died early Friday at his home.

Sawyer's wife called the police radio at 2:10 a. m. and told the dispatcher her husband had collapsed. A neighborhood physician pronounced him dead before a rescue squad could arrive at the home.

Besides his widow, he is survived by two daughters, Susan, 12, and Janie, 8.

## YOUNG TO SERVE OUT TERM AS COMMISSIONER

HARRISBURG (AP)—Gov. George M. Leader says the administration made a hasty although unintentional decision in its attempt to fire the chairman of the state Civil Service Commission.

He indicated that George D. Young, a Washington, Pa. tax consultant and veteran of 10 years with the commission, will be allowed to serve out his interim appointment which runs until final adjournment of the Senate.

The government Thursday withdrew an announcement that Young was to be succeeded by Dr. Elmer Graper, a University of Pittsburgh professor.

The attempt to fire Young was instigated by Sen. Joseph M. Barr, Democratic state chairman, as a result of the commission's firing of Howell M. Becht, of Harrisburg, on Wednesday.

Barr, Leader's patronage dispenser, said the firing took place without a consultation with him. However, as the dismissal notice for Young was being prepared, it was discovered that Civil Service commissioners cannot be removed without cause or without a hearing.

"I don't contemplate any charges against Young," Leader said. The commission removed Becht,

## McKeldin Thinks Ike Will Run Again

BALTIMORE (AP)—Maryland's Gov. Theodore R. McKeldin, the man who nominated President Eisenhower at the last Republican National convention, thinks his chief will run again.

"I feel that if he is convinced he is needed, he will yield to the wishes of the people," McKeldin told a Lincoln Day dinner Friday night.

## Chou In Favor Of Less Formosa Tension

UNITED NATIONS, N. Y. (AP)—Red Chinese Premier Chou En-lai says he favors relaxation of tension in the Formosa area—indicating Peiping is keeping the door open for continuing efforts to solve the Far Eastern crisis—an informed U. N. source reported last night.

Chou's stand, the source said, was contained in an oral message to U. N. Secretary General Dag Hammarskjöld in which the Red Chinese leader again rejected a Security Council bid to talk about a possible Formosa cease-fire. The Peiping regime first announced its turnaround of the invitation Feb. 4.

Its highest paid employee at \$11,500-a-year, for what it called "gross insubordination," Becht denied the charge.

## NIXON VISITS UNIVERSITY CITY

MEXICO CITY (AP)—Mexico's brilliantly decorated University City, one of the world's largest and most modern educational centers, opened its doors Friday to U.S. Vice President Richard Nixon.

Continuing the Mexican portion of his Latin-American swing, Nixon set aside most of his morning to tour the 30-million-dollar university where Mexican architects and artists have combined modern design and the country's ancient Indian culture.

After the university visit, Nixon's schedule included a session with the Mexican Congress Permanent Commission, which acts in an emergency when Congress is not sitting; and a luncheon at the American Embassy for President and Mrs. Adolfo Ruiz Cortines.

Mrs. Nixon's itinerary included more of the social work institutions which are her main points of call on the tour.

Police officials declined on Thursday to confirm reports that 14 or more Puerto Rican Nationalists have been arrested in a move to protect the Nixons as they mingle freely with Mexican crowds. Puerto Rican sources told reporters a number of men and at least one woman were being held, including several relatives of Puerto Rican Nationalist leader Pedro Albizu Campos.

## M. SGT. OLSON ON TRIAL AS A COLLABORATOR

FT. BRAGG, N. C. (AP)—A Ft. Bragg sergeant with 20 years Army service goes before a general court-martial here today, charged with collaborating with the enemy while a prisoner in Korea.

The Army has summoned 80 witnesses, most ex-prisoners of war, to testify in the trial of M. Sgt. William H. Olson, 40, a native of Youngsville, Pa.

Olson was imprisoned in Korea for 3 months. During that time, the Army charged, he wrote a POW camp newspaper article urging prisoners to back a Chinese peace proposal in which he declared:

"Our hands are stained with blood, the blood of innocent people. I am ashamed of this. We were told by the capitalists and imperialists of our government that we were fighting to preserve peace in the Pacific. Instead we brought ruin, death and destruction to a peace-loving people."

The article said: "We were lied to, cheated and deceived by our government, but thanks to the kindness and generosity of our captors we have learned the truth..."

**Faces Death Penalty**

The Army's statement of charges accused Olson of writing a surrender leaflet, making statements derogatory to the United States, making pro-Communist recordings for rebroadcast, and informing enemy officials "against fellow POWs Sgt. Charles Dickinson, Chester Mathis, Charles Harrison and Al-

## Lauds His Wife In Newspaper Ad

NEWARK, N. J. (AP)—Mrs. Jack Soltanoff received her husband's valentine greeting a day ahead of time—and it was far from private.

Soltanoff's message to his wife—as an ad in the Newark Sunday News personal column—declared in part:

"I am more than happy to be the husband of a woman who has been an ideal wife, companion and helpmate; who has borne three wonderful children and who has given me so much love and understanding that the last 15 years have been the happiest of my life..."

## SUPERINTENDENT RESIGNS

WEST CHESTER, Pa. (AP)—W. Perry Tyson, president of the board of trustees of Embreeville State Hospital, says the resignation of Dr. Jess V. Cohn, superintendent, has been accepted.

Tyson said over the weekend the resignation had not been asked for. Other members of the hospital staff who had resigned blamed disagreement with the superintendent.

bert Roberts of the U. S. Marine Corps.

Conviction on any one count could bring a maximum penalty of death.

Olson, who lives near Lumberton, N. C., has been in Walter Reed Army Hospital at Washington, D. C., undergoing psychiatric observation.

Olson was scheduled for discharge and retirement Jan. 3, but a perjury count held him in service. The Army charged he swore falsely that he had not collaborated with the enemy.

## ATOMIC TRIGGER FOR H-BOMB IS TO BE TESTED

By BILL BECKER

LAS VEGAS, Nev. (AP)—An improved atomic trigger for America's H-bomb may be the first device tested in the Atomic Energy Commission's new series scheduled to start tomorrow.

The predawn shot, 32nd at the AEC's Nevada test site, will be "a major effort" for the AEC Livermore, Calif., laboratory, which specializes in hydrogen weapons planning.

The disclosure was made by Dr. Alvin C. Graves, veteran U. S. nuclear weapons tester, on the eve of Operation Teapot, fifth and most exacting series the AEC has held here in four years.

**To Use Troops**

The opening test also is scheduled to include Army participation. Several hundred troops will take trench positions about 4,000 yards from ground zero.

The device probably will be detonated from one of the AEC's higher towers, in line with the new official concern for radiation fallout in surrounding communities.

The higher the atomic fireball, the less dust sucked off the desert floor and less danger of contamination within the immediate area.

Despite the smaller nature of the devices to be tested here this time, there is no underestimating their importance. Every test in this series, AEC Chairman Lewis L. Strauss declared yesterday, has been deemed necessary from the standpoint of our national security.

**Points To Red Boats**

"Soviet leaders have been boasting in recent days of their rapid progress and their early development of very powerful weapons," Strauss told a news conference. "We have no alternative but to keep our strength at peak levels. The consequences of any other course would impair our liberty, even our existence."

The initial test, Graves said, would be of interest to all U. S. weapon scientists, but especially those at Livermore.

NEW YORK (AP)—Actress Ona Munson, 48, former stage and screen star was found dead on Friday in her apartment, apparently from an overdose of sleeping pills.

Miss Munson, who climbed to stardom via vaudeville, left a note reading: "This is the only way I know to be free again... Please don't follow me."

Police, quoting friends as saying she recently had been ill and despondent, listed her death as suicide pending an autopsy.

She was found dead in bed by her third husband, stage designer Eugene Berman. He had left her in the morning, seemingly asleep, and had returned to their West 89th St. home in the afternoon to take her shopping.

**Nominated For Oscar**

A native of Portland, Ore., Miss Munson started her career at the age of 14 with Gus Edwards' vaudeville troupe.

In 1924, she went on the legitimate stage with a touring company of "No Other Girl."

Two years later her name went up in lights on Broadway as the star of "No, No, Nanette."

From the theater it was a quick step to Hollywood in then-silent films with Joe E. Brown and Ben Lyon.

Years later, as Belle Watling in "Gone With The Wind," Miss Munson gained an Academy Award nomination.

NEW YORK (AP)—An insurance firm starts today to give an average 40 per cent reduction in premiums to Pennsylvania female drivers between 16 and 25.

The Allstate Insurance Co. reports that a survey shows that females in that age bracket are as cautious and careful behind the wheel as any of their elders.

And what's more, says Allstate, the survey shows that young men the same age are much more reckless.

H. M. Mereness, eastern zone vice president for the insurance firm, said Pennsylvania is the 3rd state to approve the rate reduction which applies nationally.

**12-Year-Old Boy  
Crushed To Death**

WESTFIELD, Pa. (AP)—A car skidding out of control crushed 12-year-old Robert McCullen to death as he was playing by a railroad siding.

Clyde Safford, police chief of this northern Tioga County community near the New York State line, said the child, son of Mrs. Lucille McCullen, Westfield, was playing against a stationary box-car.

He suffered a fractured spine and pelvis and was pronounced dead yesterday at Blossburg State Hospital. Coroner Harry Williams of Tioga County said he died of internal injuries.

The auto driver told authorities he skidded when he tried to slow down after sighting a group of boys at play near the road.

HARRISBURG (AP)—A 50-year-old woman died of smoke suffocation in a fire which swept through a double frame house in suburban Penbrook during a blinding snowstorm on Friday.

Miss Margaret W. K. Burdall, at home alone, was found dead in a second floor hallway by firemen who battered their way into the locked house. Her dog, blinded by smoke, stood whining at her side.

Dimensions \_\_\_\_\_ 69'x40'

The exterior charms of "The Quebec," today's offering from the Home of the Week Plan Service, are most effectively emphasized by the use of a combination finish. Many home builders will want to select the same combination of finishes as used on the house selected as an illustration. Here brick (painted white) and wood are used for the main section of the house while shingles cover the bedroom wing and the attached garage to give a harmonious and distinctive appearance.

A large house, "The Quebec" measures 69'x40'; at least a 90-foot lot would be required to build it. Cubage of "The Quebec" is 36,800. Because of the abundance of windows throughout the house, "The Quebec" should be placed in as attractive a site as possible so that you can reap full benefits from these many windows.

With three regular bedrooms and

a fourth room that can be used as a den, guest room or bedroom. "The Quebec" is especially suited to the needs of a large family. All of the bedrooms, including the optional one, enjoys the benefits of good lighting and ventilation. There are ample storage facilities in each of the rooms, also; the optional room features an unusually spacious storage area.

Inclusion of both a regular bathroom and a lavatory in the plan of "The Quebec" is bound to win

the approval of many home builders who recognize the added convenience of having extra bathroom facilities in their home. Location of these rooms also is ideal from the point of view of convenience because the bathroom is placed near the bedrooms while the lavatory is near to the kitchen, dining room, living room and the den or bedroom.

Well planned and equally charming, the dining room contains two built-in corner cabinets where you can keep your dishes and glassware. By having drawers installed in the lower section of the cabinets you'll obtain a handy storage place for your table linen. Place your dining room set where you'll be able to enjoy the light and view through the large window in the back wall of the room.

Actually a part of the kitchen, the breakfast nook is across the central hallway from the kitchen proper. Of good size, the breakfast nook can be made just as comfortable and as attractive as you please. Since the laundry is located on the ground floor, the only required installation in the basement of "The Quebec" is the heater. This should, of course, be placed under the living room. Thus, you'll have ample extra storage space in the basement of "The Quebec."

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

For plan prices, write to the Home Building Editor, The Gettysburg Times, Dept. 18, and enclose a self-addressed, 3c stamped envelope. Allow seven to 10 days for a reply.

## BIG QUESTION ON SCHOOLS IS WHERE TO GET BUILDING FUND

NEW YORK (AP)—Taxpayers are being asked to raise the money to build 370,000 new classrooms and pay one million more teachers.

The funds to pay the teachers will have to be in cash. New schools may be financed on borrowed money, but the debt will have to be met sometime.

The big question is how to raise the money—whether higher taxes, more bond issues, more help from the federal government with the implication of more federal control.

### Overcrowding Everywhere

The postwar record baby crop has now made overcrowding in schools the rule. The problem has been aggravated from another angle. During the war governmental controls held down the building of new schools or the replacement of old ones. So the rush of students—enrollment has risen 22 per cent in five years—found the nation actually behind on its school building program.

Finding the teachers—and the money to pay them—has many a school board worried too. The teachers have their side of it; inflation has worn away their take-home pay, and many could make more at jobs in industry.

The Tax Foundation, a private, nonprofit research organization, in a survey issued today, reports that the average beginning salary of schoolteachers with a college degree is \$3,115 in the nation's larger cities. "In rural areas," it adds, "salaries are generally below that level."

### Sectional Figures

The foundation has studied the pay scales and hiring practices in 80 cities, or three-fourths of those with populations exceeding 100,000.

It reports that pay for teachers with a bachelor's degree ranges from \$2,400 for beginners in Birmingham, Ala., to \$7,300 at the top of the heap in Newark, N.J. But the regional averages for beginners show that Western cities pay the most (\$3,500), and north central second best (\$3,325), with the Northeast averaging \$3,000 and the South \$2,845.

President Eisenhower says emergency school construction to meet the rush of new pupils will cost about seven billion dollars. He wants the federal government to help with 200 million dollars in grants and 900 million in loans, and to back up local school bond issues with federal guarantees.

But that still will leave the chief headaches for the local school districts, the teaching staffs—and the taxpayers.

**MRS. FIRESTONE TO WED**  
COLUMBUS, Ohio (AP)—John W. Galbreath, Columbus real estate man and president of the Pittsburgh Pirates, says he will leave today for Florida to marry Mrs. Dorothy Firestone, widow of Russell Firestone, son of the founder of Akron's Firestone Tire and Rubber Co. Galbreath, a widower, said the wedding will be Thursday.

### KITE FLYING FATAL

WICHITA FALLS, Tex. (AP)—Donny Dee Taylor, 12, was electrocuted yesterday when a kite he was flying with a long piece of thin wire apparently came in contact with a high-voltage wire.

Romano cheese, used widely in Italian dishes, may now be obtained in six-ounce wedge-shaped portions. Grate only as much of the cheese as you are planning to serve at the time; cover the rest tightly with cellophane wrapping or aluminum foil and refrigerate until needed.

## Chinese Leave Home Of Their Ancestors.... Rats Take Over

By JIM BECKER  
And FRED WATERS

ABOARD AMPHIBIOUS FLAGSHIP ESTES OFF TACHENS (AP)—The rats took over the Tachens today. The twin islands 200 miles north of Formosa are all theirs until the Communists come.

Rats, thousands of them, and some as long as your forearm scurried through the deserted villages as the last evacuation ship pulled away from the mudflats.

More than 25,000 Chinese Nationalist troops and civilians were removed in six days of evacuation under the protective guns, ships and planes of the U. S. 7th Fleet.

### Islands Are Deserted

Except for the rats, the islands lie deserted—low, brown and scrubby. The scene of teeming activity a week ago and a frenzy of loading operation for six days now appeared like a medieval area where the entire pop-

ulation had packed and fled from a plague.

Fires started by bone-chilled soldiers, waiting their turn to board the ships, had spread to the village and others. Many of the stone houses are burned out hulks.

Elsewhere there are gaping holes in the ground, where Nationalist soldiers blasted their elaborate fortifications. Explosions shook the north island every few minutes during the early morning hours today, showering colored flames and rock-

ing the ships off shore. By daybreak the billowing explosions had ceased and an eerie silence fell over the island. Sea birds dipped low over the island.

The early morning tide ebbed for the first time in many centuries with no fishermen sailing with it in search of food.

No heavy incense burned in the Tachens temples. No housewives haggled with merchants at the markets. No one was born there today. No one died. No one laughed. No one cried. The people of the Tachens had left the home of their ancestors.

The islands lie dead and silent until the Communists come to claim them.

## Printers Worried By Lack Of Apprentices

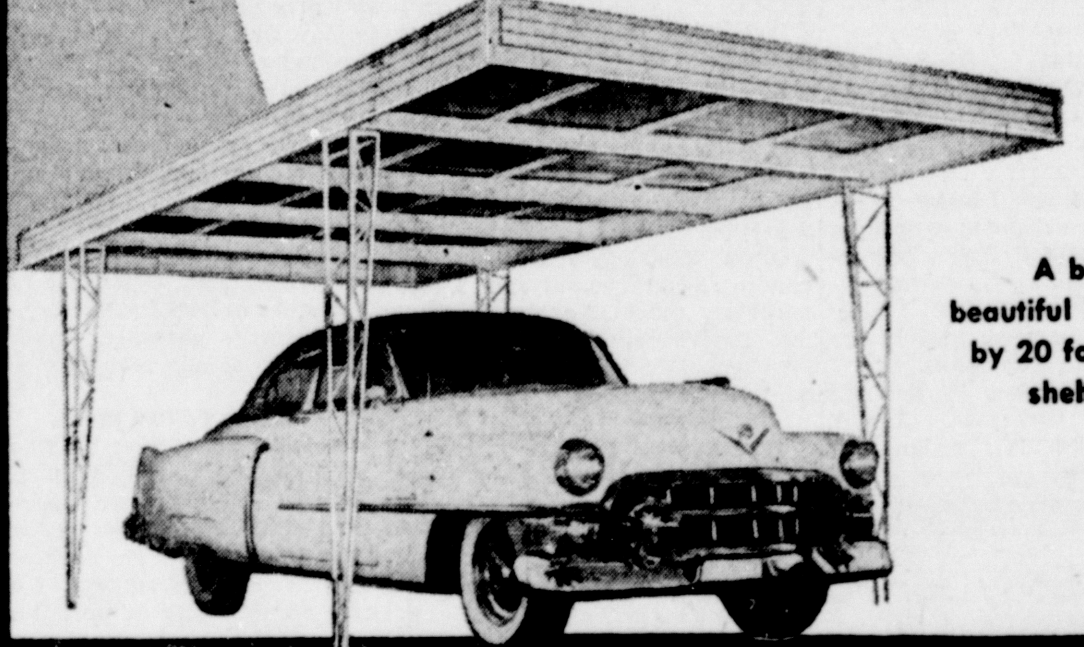

DETROIT (AP)—A steadily increasing shortage of skilled journeymen is causing serious concern to the printing industry. A report to the Printing Industry of America indicated that the ratio of apprentices in the industry should be 1 to 5 but is only 1 to 10. The report showed that 23 per cent of the workers in the unionized commercial printing and lithographing industries are older than 55, and that 30 per cent will leave the industry in the next 10 years.
